

# exp.at'13

## exp.at'13 Exhibition Session

We would like to invite you to submit a proposal for the Exhibition Session at the exp.at'13. This sessions aims at creating an environment where participants are encouraged to interactively demonstrate developed tools, systems and products in the field of remote and virtual laboratories and other supporting technologies. **Academics as well as exhibitors from industrial partners are welcome.**

The proposal for a demonstration activity should be submitted via the exp.at'13 submission system as an two-pages extended abstract using the IEEE Paper template. The abstract should clearly describe the proposed demonstration and its relevance for the audience of exp.at'13 Conference.

The presenters will be expected to use their personal Laptop during the exhibition session. A desk and proper network connection will be offered.

At the beginning of the session all exhibitors will be given the chance to shortly present their system. This should serve the purpose of providing a short insight about the demonstration that will follow and encourage the audience to visit it.

### Important dates:

**April 30, 2013** - Exhibition extended abstract

**May 31, 2013** - Notification of acceptance

**June 30, 2013** - Early Author registration deadline

**July 25, 2013** - Camera-ready due

**September 18-20, 2013** - Conference dates

### Topics of Interest for exhibition proposals include:

- Remote & Virtual Labs, Online Experimentation and supporting technologies
- Haptics Devices Interaction
- Smart devices
- Human-Machine Interaction in the Training Process
- Augmented Reality
- Intelligent Web tutoring systems
- Serious Games
- Collaborative Environments & Tools
- Multimedia Contents for e/b/m-learning
- Sharing Online Experimentation
- Multimedia Contents for e/b/m-learning
